## A. INTRODUCTION

This document is developed to supplement the related CONTRACT, which need to be complied by the CONTRACTOR accordingly per the CONTRACT requirements.

This recommended manufacturer list is developed based on COMPANY and its associates previous experiences and lesson learnts within the region.

## B. REQUIREMENTS

CONTRACTOR shall comply with the requirements specified below:

- i. All equipment and major components of equipment manufactured outside of North America, Western Europe, Australia, Thailand, Malaysia, Singapore or Japan must be identified by CONTRACTOR as such and the manufacturer is subject to COMPANY's approval.
- ii. Raw materials from China, India and countries outside the above (item [i]) are not acceptable. However, well established manufacturers setting up branches in such countries will be considered and subject to COMPANY's approval.
- iii. CONTRACTOR shall use recommended manufacturers' components within equipment packages except where COMPANY's approval to use other manufacturer has been granted.
- iv. In order to minimise inventory of spare part and provide a consistent quality standard, CONTRACTOR shall standardise materials and equipment manufacturers and models as far as technically and commercially feasible between packages and main facilities.
- v. "CONTRACTOR to propose" as stated in the RML shall be subjected to COMPANY's approval.

To: Brian Thompson  
 Valve Panel - Valve Approved Processes

Hi there Brian,

Further to my email distributed to you in mid-January 2015, I'd like to confirm, after analysis of your List of previously supplied Valves to APA, that the following have been included in APA's new "Previously Utilised Valve" List for APA use.

SUPPLIER	CHECK	PLUG	PRESSURE RELIEF	CONTROL	MANUAL BALL	OTHER BALL VALVE	SPECIALS	ACTUATORS	DOUBLE BLOCK & BLEED	BUTTERFLY	OTHER
GLOBAL SUPPLY LINE	Cameron, Mokveld, Sferova, SuperSeal (axial disc), SuperCheck (axial disc & dual flat wafer)	Serck Audco, Nordstrom	Farris		Darfram, Starline, Cameron, MIR & Neway, Sferova	Sferova (Trinnion Ball & Networks usage) JC (Trinnion Ball)		Bettis, Rotork, Sferova		SuperSeal (Networks Only),	Flowturn (Needle Valve)

The green highlighted text indicates to APA staff that an APA purchase order has been issued as evidence, the red advises that this is not the case, however has been provided in a list of previously issued and utilised Valves.

This List has been distributed to the business with strict instructions on engagement processes and valve approval processes.

I hope this clarifies the valve allocation further for you.

Regards,

APA Group
